

Oct 15 (Wed) Auditorium	Moderators	Chih-Hung Lin, Yun-Rui Lu (8:00-10:00) Fu-Chan Wei, Ren-Wen Huang (10:00-12:00) Anton Fries, Eldon Mah (12:00-14:00)
	Live Surgeries Details	Topic: Extrimities / Peripheral Nerve
8:00-14:00	(A) Yu-Te Lin / Cheng-Hung Lin (Room 2)	Toe to Hand Transfer
	(B) Johnny Chuieng-Yi Lu (Room 3)	Nerve Transfer for Adult Brachial Plexus Injury
	(C) Tommy Nai-Jen Chang / Yin-Kai Chao (Room 5)	Robotic assisted Thoracic Sympathetic Trunk Reconstruction
	(D) Chung-Chen Hsu / Shih-Heng Chen (Room 10)	Lower Extremity Reconstruction
Lectures	Moderators	Yu-Te Lin, Cheng Hung Lin
	Speakers	Topic: Hand Surgery
14:00-14:25	Cheng-Hung Lin	Toe-to-Hand Transfer Following Finger Amputation: Exploring Its Role and Efficacy
14:30-14:55	Yu-Te Lin	Decision Making before the Toe Joint Transfer
15:00-15:25	Ren-Wen Huang	Comparing Innervated and Non-innervated Glabrous Skin Flaps for Volar Digital Defects: Insights from Patient-Reported
15:30-15:55	Coffee Break	
Lectures	Moderators	Shih-Heng Chen, Johnny Chuieng-Yi Lu
	Speakers	Topic: Upper Extremity / Peripheral Nerve
16:00-16:25	Cheng-Hung Lin	Orthoplastic Approach to Extremity Reconstruction: A Paradigm Shift in Integrated Limb Salvage
16:30-16:55	Shih-Heng Chen	Advancements in Managing Intractable Raynaud Phenomenon: The
17:00-17:25	Tommy Nai-Jen Chang	Beyond Frontiers of Peripheral Nerve Surgeries - Sensory,
17:30-17:55	Johnny Chuieng-Yi Lu	Use of C7 in Brachial Plexus Reconstruction

Room 1	Moderators	Dung Nguyen, Khong Yik Chew
B & L	Speaker	Topic: Breast and Chest Wall Reconstruction
08:00-08:25	Marco Morelli Coppola *	Assessing Perforasome Perfusion in Super-thin and Ultra-thin DIEP flaps Using ICG Angiography: From Concept to Clinical Application
08:30-08:55	Dung Nguyen	Alternatives in Breast Reconstruction Beyond Abdominal-Based Flaps
09:00-09:25	Khong Yik Chew	Complex Chest Wall Reconstruction
09:30-10:00		
10:00-10:30	Coffee Break	
Lectures	Moderators	Laura Chia-Fang Chen, Luccie Wo
	Speaker	Topic: Breast and Chest Wall Reconstruction
10:30-10:55	Laura Chia-Fang Chen	Minimizing Donor Site Morbidity Using Robot-assisted Approach in DIEP Flap Harvesting
11:00-11:25	Rogi Hsiao	3D Printing assisted Autologous Breast Reconstruction: DIEP Flap, Secondary and Mastopexy
11:30-11:55	David Chon-Fok Cheong	Breast Reconstruction with Profunda Artery Perforator Flap
12:00-12:25	Jung-Ju Huang	A Sense of Wholeness: The Art of Breast Reconstruction
12:30-13:00	Lunch Break	Sponsor talk
Lectures	Moderators	Johnson Chia-Shen Yang, David Chon-Fok Cheong
	Speaker	Topic: Lymphedema
13:00-13:25	Khong Yik Chew	Pre-auricular Lymphatic-Venous Bypass for Facial Lymphedema
13:30-13:55	Yun-Huan Barry Hsieh	The Review of Head and Neck Lymphatic Drainage and its Applications to Micro-Reconstruction Options
14:00-14:25	Johnson Chia-Shen Yang	Groin-Only Lymphaticovenous Anastomosis: A Paradigm Shift for Lower Extremity Lymphedema - A Retrospective Cohort Propensity-Score Matched Analysis
14:30-14:55	David Chon-Fok Cheong	Lymph Node to Vein Anastomosis: Innovative Concept in Lymphedema Treatment
15:00-15:25	Kevin Yu-Ting Chen	Early Outcomes of a Young Surgeon’s Experience in Lymphaticovenular Anastomosis at Tucheng Hospital
15:30-16:00	Coffee Break	
Lectures	Moderators	Jung-Ju Huang, Edward Chang
	Speaker	Topic: Lymphedema
16:00-16:25	Jung-Ju Huang	Clinical-Oriented Research in Bench
16:30-16:55	Anton Fries	Establishing Lymphedema Service
17:00-17:25	Edward Chang	
17:30-17:55	Khong Yik Chew	Functional Reconstruction of Large Abdominal Wall Defects using Extended Anterolateral Thigh Flap

Room 2	Moderators	Khong Yik Chew, Pao-Jen Kuo
	Speakers	Topic: Head and Neck Reconstruction
08:00-08:12	Victor Chien *	Robot-Assisted Head and Neck Microsurgical Reconstruction - Worth it?
08:15-08:27	Ang Chuan Han *	8 year Follow-up for a Devastating Hemifacial Electrical Burn: Reconstruction of a Lower Eyelid Ectropion and Peri-oral Contractures
08:30-08:55	Khong Yik Chew	Head and Neck Reconstruction with Flow Through Flaps
09:00-09:25	Eamon Francis	Challenges in Head and Neck Reconstruction
09:30-09:55	Pao-Jen Kuo	Optimal Recipient Vessel Selection Strategies for Sequential Free Flap Reconstruction in Recurrent Head and Neck Cancer
10:00-10:30	Coffee Break	
10:30-10:55	Seng-Feng Jeng	Freestyle Perforator Flap
11:00-11:25	Rushil Dang	Modifications to VSP design for Fibular Free Flap reconstructions: Focus on Rehabilitation
11:30-11:55	Chung-Kan Tsao	Reconstruction of Esophageal Defect and Voice with J-designed Anterolateral Thigh Flap
12:00-12:25	Eric Santamaria	Aesthetic Concepts in Microsurgical Reconstruction of Complex Facial Defects: Lessons Learned
12:30-13:00	Lunch Break	Sponsor talk
Lectures	Moderators	Ta-Chun Lin, Karen Wong
	Speakers	Topic: Head and Neck Reconstruction
13:00-13:25	Ralph Manktelow	Climate Change for Surgeons
13:30-13:55	Samir Mardini	Face Transplantation in Complex Trauma of the Face
14:00-14:25	Karen Wong	Pediatric Microsurgery: Unique Challenges and Novel Applications
14:30-14:55	Rushil Dang	Simple Solutions to Complex Head and Neck Defects: My Approach in Cases with Intra-Operative Alteration in Ablative Plan
15:00-15:30		
15:30-16:00	Coffee Break	
Lectures	Moderators	Huang-Kai Kao, Hsiao-Rui Kuo
	Speakers	Topic: Head and Neck Reconstruction
16:00-16:25	Chung-Kan Tsao	Versatility of the fibula flap with extra-large skin paddle for head and neck reconstruction
16:30-16:55	Huang-Kai Kao	Profunda Artery Perforator Flap in Head and Neck Reconstruction
17:00-17:25	Ta-Chun Lin	Versatility of the Fibula Flap with extra-large Skin Paddle for Head and Neck Reconstruction
17:30-17:55	Hsiao-Rui Kuo	Causal Relationship Between Oral Microbiome and Aspiration Pneumonia: A Case Study of Patients with Oral Squamous Cell Carcinoma
